Precast Gels & Accessories

Buy 50 precast SDS gels  
and related buffers  
and receive our New

**DCX-700 Dual Cool System FREE!**

Mini-Vertical Slab Gel/Blotting System

Try these gels and experience the quality yourself!

- Sharp, clean, consistently straight bands with unsurpassed resolution
- Incredibly strong and elastic gels won't tear or crack
- Simple buffer system - a single buffer system is used for all SDS gels and the lower anode buffer can be recycled to save time and money
- Minimum 1 year shelf life even for high percentage gels with no deterioration of performance over time
- No trimming of gel is required for blotting in these units and 2 gels can be electrophoresed under identical running conditions
- 10x10cm cassette design results in functionally longer pathlength than competitors

Special Promotion Kit #FM95005

Includes:

- DCX-700 with blotting cassettes & freezer blocks
- 50 gels (see selection choices below)
- 500ml (20X) Running Buffer
- 10ml (4X) Sample Buffer
- 1ml (10X) DTT Reducer

Limit of 1 kit per customer

Price: \$650.00
